BEYOND Roses

Founded in 1949 as Cooperative Rose Growers, our roots trace back to a collective of 50 passionate rose growers in East Texas, supported by a dedicated processing facility in Tyler. Today, our award-winning roses, trees, and plants are available in over 5,000 retail locations across the U.S., Canada, and Puerto Rico, including independent garden centers, hardware stores, and major retailers. While roses remain the heart of our business, Certified has grown to offer an extensive selection of trees, shrubs, and perennials—ranging from fruit trees and berries to the ever-popular crape myrtle, valued for its rapid growth, striking foliage, vibrant blooms, and exceptional drought resistance.

RESEARCH & DEVELOPMENT

For more than 75 years, Certified™ has been dedicated to providing top-quality, cutting-edge roses through our extensive breeder network. Our deep-rooted partnerships with the world's premier rose breeders allow us to offer award-winning varieties celebrated for their beauty, strength, and resilience.

At Certified™, we collaborate closely with breeders and hybridizers to introduce the next generation of exceptional roses to home gardeners. We carefully select new varieties based on key traits such as vibrant color, fragrance, vigor, and disease resistance. Each year, we evaluate hundreds of potential introductions, ensuring they thrive in diverse climates across the U.S.

Show GARDEN

Our trial gardens serve as vital testing grounds for our roses, plants, and trees, allowing us to assess growth patterns, flowering characteristics, and overall performance. Through meticulous observation and data collection, we ensure that every new introduction meets our rigorous standards—delivering plants that are both stunning and strong, season after season.

CERTIFIED™ TREE FARM

Founded in 1980 as a family-run business on 150-acres, our tree farm, formerly known as Ran-Pro Farms, has flourished into a dynamic operation spanning 280 acres. With a mix of expansive greenhouses and cutting-edge outdoor production, we continually evolve to meet industry demands. Innovation has always been at the heart of our growth, from pioneering drip irrigation systems to refining potting techniques. Our liner program offers a wide selection of plug liners, including tray and three-gallon liners, ensuring uniformity in plant shape, size, and quality.

Looking ahead, we continue to invest in a wider tree lineup, a more diverse perennial program, and flexible contract growing programs designed to support independent garden centers.

Success Through Innovation

At Certified™, we take pride in growing excellence across every aspect of our business. In addition to award-winning roses, we offer a wide variety of fruit trees, ornamental trees, shade trees, crape myrtles, perennials and more. Every plant is container-grown, ensuring a strong root system and producing a hearty plant that customers can have confidence in when it's time to plant in their yard or display on their patio.

Brindabella Roses™ are a collection of tough shrub roses selected for superior garden performance, bushy growth habits, excellent disease resistance and show-stopping, fragrant, fully petaled flowers.

These low-maintenance roses are vigorous yet grow to only 4 feet tall and wide in two years' time. The foliage is among the cleanest to be found on any shrub rose and the fragrance will stop passersby in their tracks.

All Brindabella Rose™ varieties share these three traits:

- Large, double, fully-petaled fragrant flowers
- Densely foliated bushy growth habit
- Excellent resistance to black spot and powdery mildew

TIFFANY Hybrid Tea

Think Audrey Hepburn—elegant, refined, enduring. One of the most popular of the pink non-patented roses, Tiffany maintains a lovely symmetry of form, and the cool pink blooms, shaded with a golden glow at the heart, are very fragrant. The color is best in warm climates.

Height/Habit: Medium-tall; Upright, vigorous
Bloom/Petals: 4-5" high-centered; 25-30 reflexed
Foliage: Dark, semi-glossy, leathery
Fragrance: Intense fruity
Hardiness Zones: 7 to 9

TOUCH OF CLASS Hybrid Tea
cv. 'KRIcarlo'

One of the top-rated exhibition roses of all time. The large beautifully formed flowers slowly spiral open in distinctive swirls of blended cream and pink to finish warm coral. Excellent for cutting.

Height/Habit: Tall; Upright, bushy
Bloom/Petals: 4.5-5.5" high-centered; 33-35 reflexed
Foliage: Large, dark, semi-glossy
Fragrance: Light tea
Hardiness Zones: 6 to 9

STEPHEN RULO Grandiflora

Bloom/Petals: Large, full; 30-35
Foliage: Glossy, dark green
Fragrance: Strong sweet
Hardiness Zones: 6 to 10

TROPICANA Hybrid Tea
cv. 'TANorstar'

The 1963 Rose of the Year, and still popular worldwide, Tropicana adds sizzle to the garden or a bouquet with fiery coral-orange blooms and a luscious fruity fragrance. Disease resistant.

Height/Habit: Medium; Upright, vigorous
Bloom/Petals: 5" high-centered; 33 reflexed
Foliage: Dark, glossy, leathery
Fragrance: Intense fruity
Hardiness Zones: 4 to 9

WAIHEKE Grandiflora
cv. 'MACwaihe'

This show-off supports loads of sultry blooms, borne in sprays of 5-9, with ruffled petals tinted in shades of tropical coral-pink with dark pink edges and a pale reverse.

Height/Habit: Upright, bushy
Bloom/Petals: 2" high-centered; 30 reflexed
Foliage: Medium, dark, glossy
Fragrance: Light spice
Hardiness Zones: 5 to 10

WHITE MAGIC Hybrid Tea
cv. 'JACare'

The extra big blooms are flouncy and fun, but the brilliant white color is truly spellbinding. The long-lasting cut flowers are excellent for arrangements.

Height/Habit: 4-5'
Bloom/Petals: Extra large; 25-30
Foliage: Dark green, semi-glossy
Fragrance: Light

COLORFUL Hybrids

Floribunda roses are colorful hardy hybrid. Developed from crossing hybrid teas with polyanthas, this hybrid creates colorful beauties that bloom with profusion. Typical floribundas feature stiff shrubs. They are smaller and bushier than hybrid teas, but less dense and sprawling than polyanthas. Floribundas bloom in all hybrid tea colors and with classic shaped blossoms, in a cluster-flowering habit. Large plant beds are perfect for showing them off!
